

DRUM RUNNER

Model 4550

Lift - Carry - Store

Plastic, Steel, and Fiber Drums Safely & Securely

Narrow design (only 22" wide)
for easy maneuvering through tight aislesways

Completely mechanical
self-contained actuator
(no more broken springs)

Exclusive clamping mechanism
with 4" wide jaw surface
prevents drum deformation

Large handle
for maximum control
and comfort

User-friendly
foot-operated
controls for
"hands-free"
operation

Fully
counter-
balanced

Durable 2,000 lb-rated
hydraulic cylinder with 1:1 action
for user comfort and ease

3,000-psi hydraulic fittings
and a velocity-safety fuse
combine to provide a hydraulic
system "lock" should a line be cut

Sturdy, all-welded
carbon steel tube frame
for strength and durability

Oversized 8" phenolic casters
roll easily under heavy loads
